LAITRUM

under the direction of Toti Toronell

THE SHOW

and the prince, riding his horse went to run the world...

...turn the paper ball and put it on the box...

The game of senses, small **tales** hidden inside small **boxes**.

Behind the **curtains**, the viewer becomes the naive narrator of the story.

In front of the curtains, **words** make possible the movements of seemingly meaningless objects, become alive.

The game of boxes, among **popcorn** and "tick", theater, **puppetry**, **play** and poetry.

A show of the public towards the public.

An small pleasure for 5 senses.
